Mission: To empower children and families to develop positive skills to meet life's challenges.

Solutions can be difficult to find and even more difficult to put into action. At Riverbend Head Start & Family Services, we work hard to help thousands of children and families find positive solutions to life's challenges and transform lives.

Unfortunately, we can't solve every problem. It takes the network of Madison County health and human service providers in this book to help all of those in need.

We have found this annual *Community Resource Directory* to be a valuable tool for parents, caregivers, social workers, educators, health care and administrative staff to use when searching for solutions.

It is our hope that a solution for everyone's challenges lies within these pages. Together we are **teaching children, strengthening families** and **enhancing communities**.

Sincerely

How to Use The Community Resource Directory

The directory has a Table of Contents, which lists categories or types of services. What kind of services does your family need? Look for that type of service.

For example: If you are interested in getting a GED, look under Adult Education. Under each category or type of service, you will find a list of the agencies or programs, which provide that service. Locate the page number listed and turn to that page.

Look for the agency located near you. Some agencies will serve all of Madison County while others will serve only a certain area or town. Then, call the agency to see if they have what you want. Be sure to ask how you can get the service.

Tips for calling agencies:

1. Decide what you need before you call. You may have to talk to several people (many agencies have complex phone systems.) For instance, in the case of a GED say "I need to talk to someone who can tell me how to get a GED". Repeat until you get someone who can help.
2. Call agencies during normal business hours. Try not to call from 12-1 p.m. (lunch hour). On evenings and weekends for emergency needs, you might try Crisis Intervention agencies or 24-hour hotlines.
3. Ask how you get the service. Do you have to come to a certain place at a certain time? Do you need proof of anything, like income? Do you have to fill out an application? Different agencies have different eligibility requirements. If the agency cannot help you, ask them for names of other agencies that can help.
4. If you need more information or help, check with a family advocate or teacher of Riverbend Head Start & Family Services.

DESCRIPTION OF SERVICES: RideFinders is the St. Louis regional commuter rideshare program. Through RideFinders' FREE ridematching service, individuals connect with others on a similar route and schedule to form carpools or vanpools. RideFinders' **carpool program** connects individuals to share a ride **to and from work or college classes in their personal vehicles**. RideFinders offers a **vanpool program** to help commuters share a ride to and from work **in a RideFinders van for a low monthly fare**. Existing vanpools are open to the public. To form a new vanpool requires a minimum of 5 individuals, 2 of which are eligible to serve as drivers. Commuters who connect and then register their carpools or join a RideFinders' vanpool are eligible for **four FREE emergency Guaranteed Rides Home (GRH)** each year. RideFinders provides a pre-paid voucher for taxi service or will reimburse for ride hail services as long as the Ride Home is an eligible emergency. Those already sharing a ride for their commute are encouraged to visit the website and complete a commuter profile to take advantage of the benefit of the Guaranteed Ride Home program. RideFinders offers the **Madison County Vanpool Initiative** for individuals who live in Madison County and work in Madison or St. Clair County. RideFinders launched the **Clean Commute Commitment** ensuring commuters follow best practice for safe ridesharing. RideFinders is a not for profit program sponsored by Madison County Transit and funded by MoDot and IDot in an effort to improve the air quality by reducing the use of single occupancy vehicles and traffic congestion in our 9-county region.
